Career Objective

Computer Engineering student with a strong foundation in Android development and cloud technologies, seeking an Android development role to apply problem-solving skills and contribute to impactful projects.

Education

Marwadi University

Gujarat, India

B.Tech- Computer Engineering (CGPA: 6.67/10.0)

Expected 2026

Coursework: DSA, DBMS, OS, Mobile App Development, Web Development, Machine Learning

Skills

- **Languages:** Java, Kotlin, JavaScript, Xml, Python, SQL, Dart, Dot NET etc.
- **Libraries & Framework:** Jetpack + Kotlin, Flutter, Firebase, SQLite, React Native
- **Tools:** Android Studio, VS Code, Git, GitHub, MySQL, Figma
- **Soft Skills:** Problem Solving, Leadership, Event Management, Team Work Other Tech
- HTML, CSS, SCSS, Debugging, DevOps Basics

Experience / Projects

1. Online Doctor Consultation App (Java, Xml, Firebase, etc)

An Online Doctor Consultation app – Using Java for Backend, Xml for Frontend and Firebase For authentication there are 6-8 functions including admin, patient and doctor, personal dashboards for all.

2. Major Project – Child Safety App (Flutter + Firebase + ViTMa)

Developed a Flutter-based mobile app to enhance child safety in public and private spaces. The app uses Firebase for authentication and ViTMa (Vision Transformer + FaceNet) for kinship recognition. On scanning a child or parent, the app retrieves and displays verified information of the associated kin, enabling identity checks and safe pair recognition.

3. Scientific Calculator App (Java, Xml)

Developed an Android scientific calculator with a clean UI supporting trigonometric, logarithmic, and exponential functions using Java and XML.

Certification

- Android Developer Course – Infosys Springboard
- Machine Learning with Scikit-learn (Python) – Infosys Springboard
- Analytics using Tableau – Infosys Springboard
- Programming for Everybody (Python) – University of Michigan (Coursera)
- Python Data Structures – University of Michigan (Coursera)
- Blockchain Fundamentals – Chainlink

Language & Interests

- **Languages:** English | Hindi
- **Interests:** Mobile App Development, AI/ML, Web Development, Blockchain, Smart Contracts Etc.
